SCHOOL IMMERSION *and* BUDDY PROGRAMS

CANADA

Explore our high school immersion program in New Brunswick, Canada, for students in grades 9 through 12. Located along the scenic Saint John River, the school combines safe small-town charm with vibrant city energy, offering quality education and authentic English immersion alongside Canadian peers.

With over 45 years of educational excellence and international students representing only 5% of the student body, the welcoming community provides a close-knit environment where students can build lifelong friendships. Each participant stays with a carefully selected host family, including full board and daily transportation, and is paired with a Canadian buddy. Set in a thriving university community, the program offers strong academics, scholarship opportunities, school clubs, competitive sports, and outdoor activities such as hiking, skiing, snowboarding, and ice skating.

Start any Monday of the school year.
