

Private Boarding School

School Profile

There are few places on earth as idyllic as Maui, the second largest island in the Hawaiian archipelago. With the stunning backdrop of mountains and sea, tropical rainforests, sandy beaches, and ocean reefs, Maui Preparatory Academy provides its students with an incredibly rich and rewarding environment for college preparation and life beyond college. At Maui Prep, students can explore the galaxy from atop the 3,000-meter dormant volcano, study the ecosystems of coral reefs, assess the impact of globalization on local cultures, examine the social organization and communications of humpback whales, and discover new ways of capturing energy from the sun, wind, and water. The Maui Prep experience empowers students to leverage Maui's local and natural resources to pursue their academic passions.

1:8

Dormitories and Student Residences

Maui Prep creates a residential home environment that supports the intellectual and emotional development of students. Teachers and residential parents are available at all times to provide students with supervision and support, whether it is academic or personal. Residential students usually dine together for dinner, family style, with either the Residential Director or Residential Parent.
