School Profile

Founded in 1912, Montverde Academy is a college preparatory, coeducational school for Grade 7 to 12. The school is situated at a gorgeous 125 acres campus bordering Lake Florence in central Florida. The faculty are equipped to provide an unparalleled education with numerous opportunities for honors and advanced placement level work. Small class sizes serve as a catalyst for a close knit community where personal relationships serve as a valuable resource in advancing the learning process. Recognizing that technology serves an important role in the future of our students, Montverde Academy has a fully networked campus. Opportunities outside the classroom are equally as important, and Montverde Academy is pleased to offer a full complement of athletic and fine arts opportunities.
