

Private Boarding School

School Profile

Founded in 1801, Woodstock Academy is an independent, co-educational, college preparatory high school, located in the historic town of Woodstock. This campus is committed to the belief that global diversity and global awareness add value to a school community and better prepare students for both the challenges and the opportunities of the 21st century. Student involvement in extracurricular activities is vital to success at Woodstock Academy. Active participation outside of the classroom helps build community, creates well-rounded students, and develops interpersonal and communication skills. Learning is not limited to academics, but includes learning that takes place apart from the rigors of study: on the athletic fields, on the stage, and during play and leisure with other students.
