

¡Inolvidable Verano 2025 en Dublín, Irlanda!

Trinity College, Dublin

Samuel Beckett Bridge, Dublin

Multi-Activity Programme Dublin, Ireland

IRL

Trinity College
Alexandra College

Programme duration: Minimum 2 weeks

15 hours of group tuition per week

This programme is ideal for students who want to learn English and enjoy an interesting and varied social programme, including visits to popular attractions, a program of sports and tournaments or other fun activities such as dance, music, drama or arts and crafts.

We aim to provide students with an understanding of Irish Culture and History through both the English language classes and the engaging activity programme. Cultural lessons are incorporated into the classes and our unique Emerald Chat Zone allows students to further practise their speaking skills.

* For young learners who are not part of a group the minimum age for host family accommodation is 14.

At a glance — Age Group 11 – 17*

- 15 hours of English group tuition per week
- Wide range of activities including Emerald Chat Zone
- All students receive an Emerald Project Book & Journal allowing them to record every aspect of their stay, including lessons, activities, cultural visits and weekend excursions
- Specially-designed material on Irish History & Culture
- One full-day excursion each weekend to places of cultural interest
- 2 evening activities per week (host family)
- 7 evening activities per week (residence)
- Homestay and residential accommodation options available
- Available to groups and individual students
- Group leader course
- Transport included
- Morning or afternoon lessons

“My daughter came home extremely enthusiastic after her stay in Ireland. She had a very positive experience in school, with the activities and with her host family. Thank you and congratulations on your professionalism”

Laura, Parent - Spain

Trinity Walton STEM Programme

Trinity College Dublin
Coláiste na Tríonóide, Baile Átha Cliath
The University of Dublin

Trinity Walton Club

Programme duration: 2 weeks

10 hours of STEM sessions per week

10 hours of English tuition per week

IRL

Trinity College

In collaboration with the prestigious Trinity Walton Club, is delighted to offer a unique programme that allows students to enhance their STEM knowledge and skills while improving their English language.

Students aged between 13-14 and 15-17 will join a STEM camp at Trinity Walton Club, in Trinity College Dublin. They will have the opportunity to expand their scientific vocabulary, as well as enhancing their problem-solving and critical thinking skills. Learners will work in teams alongside STEM experts and engage in activities such as designing mathematical functions; building micro controlled projects; and having fun with Newton's laws of motion.

At a glance —

Age Group 13 – 14, 15 – 17

- 10 hours of general English group tuition per week
- 10 hours of physics, maths, engineering and technology sessions per week (age-specific programme)
- STEM related workshops and activities 2 afternoons per week
- A minimum level of upper intermediate (CEFR B2) required (subject to entrance test)
- Starts on fixed dates and minimum numbers of participants required
- Wide range of activities in the afternoons and evenings
- One full-day excursion each weekend to places of cultural interest
- Available with residential accommodation
- Open to groups and individual students

Come join us for a challenging and fun STEM experience that sparks curiosity, fuels exploration and ignites innovation!

Profile Trinity Walton Club

Trinity Walton Club is a STEM (Science, Technology, Engineering and Maths) club based at Trinity College Dublin. At the Club, students connect with like-minded individuals and STEM role models and each day they are provided with an invigorating learning experience where they partake in a range of challenging STEM sessions and activities. Trinity Walton Club strives to support each student to reach their STEM potential and experience lots of Eureka! moments.

Profile Ernest TS Walton

Trinity Walton Club was named after ETS Walton who studied Mathematics and Science in Trinity (1922-26) and obtained his Master's degree in 1927. After doctoral studies in Cambridge with Ernest Rutherford he collaborated with John Cockcroft to develop a particle accelerator to carry out the first artificial 'splitting of the atom' in 1932. He returned as a staff member to Trinity in 1934 and later became Professor. In 1951 he and Cockcroft were awarded the Nobel Prize in Physics.

Young Adult Programme Discover Dublin

Programme duration: 2,3 or 4 weeks

20 hours of group tuition per week

Age group 16-18

IRL

Trinity College

Our Young Adult Programme is designed for students aged 16-18 who wish to spend their time in Ireland with other international teenagers of a similar age group.

We offer an intensive English language programme, accompanied by an interesting social programme with the theme of “Discovering Dublin”.

Students are either accommodated in the modern Trinity Hall residence or in twin rooms in carefully-selected host families. They are given the opportunity to explore the city at their own pace with a combination of guided cultural visits and free time in the afternoons.

At a glance — Age Group 16 – 18

- 20 hours of general English group tuition per week
- Social and cultural programme to include orientation, two cultural visits per week and evening activities (2 per week in host family, 7 per week in residence)
- Students are assigned an Emerald tutor
- Students can choose between residential or host family accommodation
- Free time in Dublin city centre
- One full day excursion each weekend to places of cultural interest
- Additional excursions available at an extra cost
- Morning or afternoon lessons

“The Young Adult Programme is ideal for this age group of students, offering them some independence but also activities and organised excursions. My daughter had the opportunity to attend an excellent language course and to explore the city of Dublin, which she really liked!”

Mariangela, Parent - Italy
